**RE: *Inquiry Concerning the Deployment of Advanced
Telecommunications Capability to All Americans in a
Reasonable and Timely Fashion and Possible Steps to
Accelerate Such Deployment Pursuant to Section 706 of the
Telecommunications Act of 1996, as Amended by the
Broadband Data Improvement Act***
GN Docket 09-137

A National Broadband Plan for Our Future
GN Docket 09-51

***International Comparison and Survey Requirements in the
Broadband Data Improvement Act***
GN Docket 09-47

Dear Ms. Dortch:

On December 7, 2009, I attempted to file comments via the Electronic Comments Filing System (ECFS). Several attempts failed because the file size exceeded ECFS limits. Ultimately, I split the document into two files, and filed them separately and sequentially. They are confirmation numbers 2009127312916 and 2009127657814. I contacted ECFS and the Office of the Secretary on December 7 and 8, respectively, and have since confirmed with ECFS staff and tech support at my office that settings on my equipment caused the file to be saved at higher resolution than necessary and, hence, at a size exceeding ECFS limits.

I am attaching to this document a copy of the above-referenced comments, optimized and provided to me by ECFS staff. This document is now offered at a lower resolution and, consequently, at a size that can be accommodated by ECFS.

The attached document may replace the dual documents filed previously.

Please do not hesitate to contact me if you have any questions or require additional information.

Respectfully submitted,

Joshua Seidemann
Vice President, Regulatory Affairs
